CO-OPERATIVE DEVELOPMENT FOUNDATION OF CANADA

The Co-operative Development Foundation of Canada (CDF Canada) is an international development charity that helps improve the lives of women, men, children and their communities through co-operatives. We envision a world where self-reliant communities flourish. CDF Canada is working with local partners in Africa, Asia, Latin America and in Eastern Europe to establish and grow community-owned co-operatives that help people achieve more prosperous, self-reliant lives. For over 70 years, CDF has been mobilizing financial resources, volunteers and knowledge – mostly from Canadian coops and credit unions – to make the world a better place. For much of that time, CDF Canada worked with the Canadian Co-operative Association (CCA) and other partners to help communities move toward prosperity and create more secure lives through community-owned co-operatives.

CDF and CCA amalgamated in 2017 under the CDF Canada brand and is at work with partners in Asia, Africa, Latin America, Eastern Europe and Canada. For more information about CDF Canada, visit cdfcanada.coop.
